

THE
Graphitees

The logo consists of the word "THE" in a bold, sans-serif font, enclosed within a small yellow rectangular box. Below this, the word "Graphitees" is written in a large, flowing, yellow script font. The entire text is set against a dark, textured black background. A yellow, stylized underline or swoosh is positioned beneath the word "Graphitees".

Background

A Qatar based clothing company established **2014** to draw inspirations from different people, cultures, scenes and in different perspective that they indulge in. It is a brand production of apparels and gift items with custom designs that **supports** and **develops** the talent potential in individuals and companies.

The name **Graphitees** "GRAPHI" from the word GRAPHICS - are visual images or designs on some surface, such as garment, wall, canvas, screen, paper or stone to illustrate or entertain.
"TEES" derived from the T-shirt & Apparels

Printing Solutions

Our services that are designed to help businesses and individuals with their different printing needs.

Print

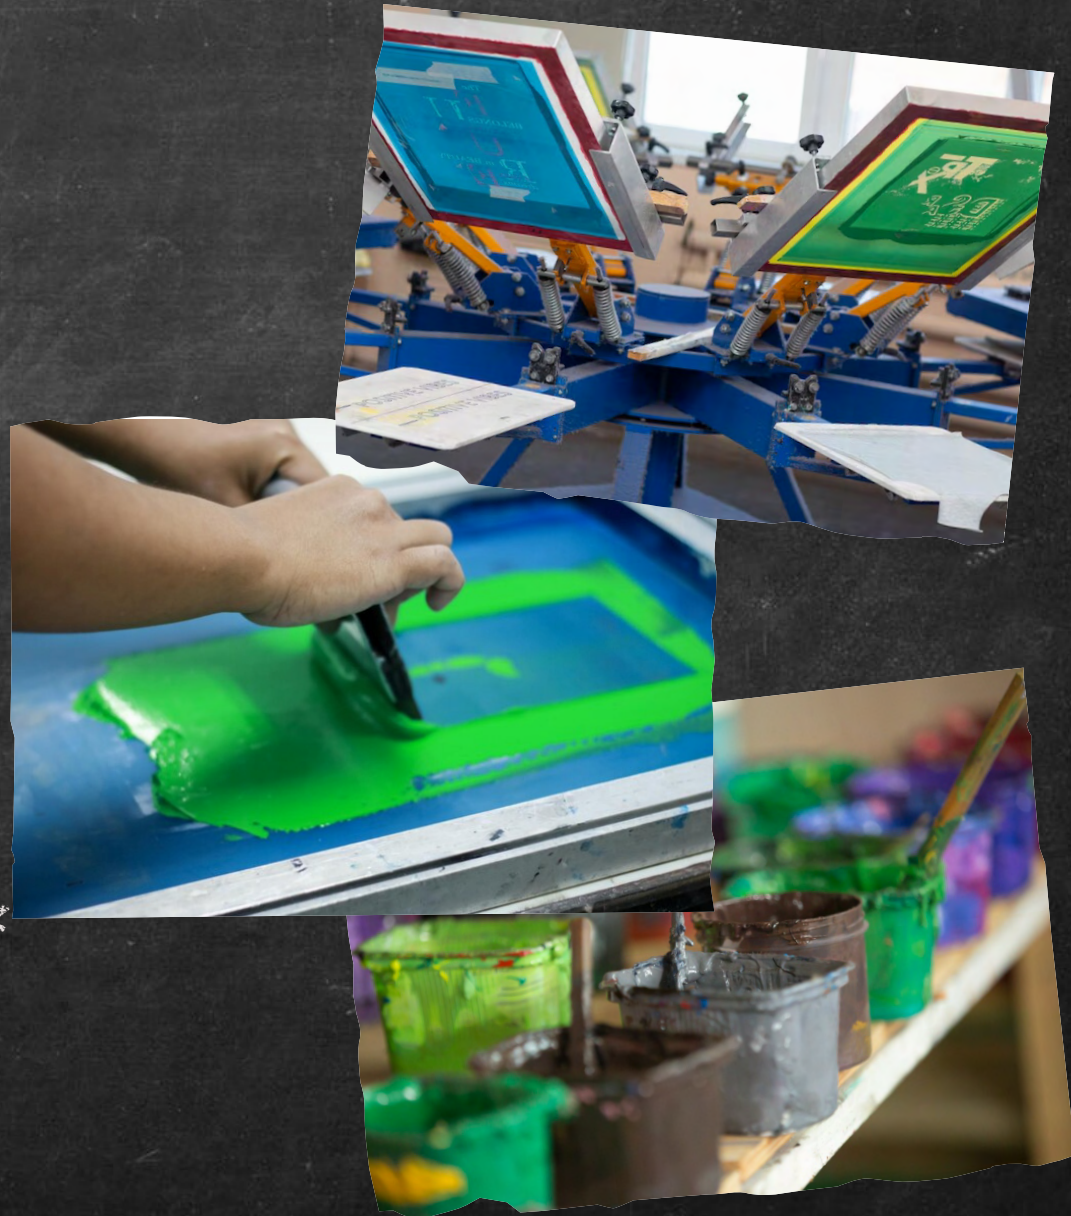

Embroidery

- Multi-head machine to produce up to 4 t-shirts on the same time.
- Fast and accurate for small and large quantities orders
- Takes 5 minutes to run 4 t-shirts

Silkscreen Printing

- Process of using a mesh-based stencil to apply ink onto a substrate
- Arguably the most versatile of all printing process
- Can print stocks of any shape thickness and size
- Process can apply very heavy ink coverage, resulting in a longer-lasting design

Direct To Garment (DTG)

- Fast printing and directly onto textile, fabric and garments
- Offers more flexibility than the screen printing process in terms of color variation and the turn-around time specially on smaller orders

Digital Printing

- Great quality prints: and simply allows for a higher resolution, giving your shirts a cleaner overall appearance
- Higher efficiency: Means that you are able to get your t-shirts produced with a much faster turn around time.
- Cost effective digitally printing t-shirts became popular largely because it carries a lower price tag than other methods for small quantities

Companies we worked with

"We are always looking and welcome new ideas,
inspiring creativity and to see your design featured.
We consider ourselves as an Indie clothing hub and
a community partner."
